

SAINTS ATHLETICS CLUB UNIFORM POLICY

The singlet top for males and female uniform remains the same official colours and design with club logo as designated in recent past seasons. See the Saints Athletics Club website for both male and female uniform designs.

Shorts/bottoms for males:

The committee has agreed that as a club we will be taking a firm stance on the correct uniform to be worn at competition as required by Athletics SA.

*Club male shorts uniform should be Royal blue & white (available in skins style or loose as typically used by long distance runners), or royal blue, or white unless under extreme weather conditions long tights in black may be worn***

Skins for males and females:

*****Black long skins (or blue/blue-black are preferred) and should be acceptable by Athletics SA in cold conditions or slight injury reasons only. - Black Shorts skins are not part of the Saints Club uniform and if used may be worn underneath the club shorts.***
